Board of Trustees - Positions serving three-year terms

1. James Leatham

Jim has lived in Southern California since finishing his undergraduate degree; in LA and San Diego counties. He loves being out in nature; especially camping in the Sierras or being in the ocean or skiing down a mountain. He is the proud father to three grown children living in the Bay Area, here in LA, and in New York. Jim lives with his partner Gabriela and her daughter Isabella (when she is on break from college), as well as ...several... cats. He spends his days as a scientist thinking about new ways to use photons (as in light) to advance technology. He has lived in many countries as a child, and three states growing up from there, including Oklahoma during High School and Massachusetts during college.

2. Hans Rosenberger

Hans was born and raised in SE Pennsylvania. He grew up in the Mennonite church with 2 sisters and mom from Iowa and Dad from Pennsylvania. He enjoyed sports, working in the family's warehousing and farming businesses, and lots of time with local cousins and grandparents. After a few decades with homes in Indiana, Germany, Pennsylvania, and degrees in business & engineering, JPL enticed him to move to the Golden State. Currently, he operates Altadena Energy & Solar with his partner Joy Lam. He is married to Joy, blessed with two children, Eila (6) and Hajo (1) and enjoys a wide breadth of life from their home in Altadena. He and his family have attended Throop since 2016 and have enjoyed choir and Campus Care.

Nominating Committee - Positions serving one-year terms

1. Lee Parmerter

Even though you may not see him much, Lee has been a member at Throop for seven years. He is an RN at a local hospital, and he lives in Altadena with his sweetie and two dogs that have made rare appearances at Throop (lucky for Throop!).

2. Dave Ryan

Dave Ryan joined Throop in 2019 after moving to Pasadena a few months before the pandemic. He is incredibly grateful to have found this community...and along with his wife Rachel, and his daughter Ripley...has enjoyed forming connections with his fellow Throopers. He would be honored to serve on the Nominating Committee.
